# The Kindness of Others

Something was brought to our attention this past week. There was a homeowner in VOWS who was in need of some assistance. Within minutes other VOWS homeowners came to the rescue. The offers for help in various ways continued to pour in for this resident. I was in awe at the kindness shown to this family. The people offering to help did not know this person. It didn't matter. They were eager to do anything they could to help. I know this is not an isolated event. I have seen this type of thing numerous times here in VOWS. What an amazing community VOWS is! We here in the On-Site office want everyone to know that we are truly blessed to work in this great place. Thank you VOWS residents for being as great as you are!

## Volunteer Opportunity

Did you know that in 2014 VOWS will host at least 12 activities for you, the residents, with only 3 active Events Committee members?! Have you ever wondered how you can help in the community? Joining the Events Committee is a wonderful way to give back. Beth Sovereign is our amazing Events Chair, but she really could use some more help. By joining the committee you are not committing to running all of the events. The committee members are asking for some people to help plan activities and volunteer at the events. Some of the Event committee volunteer activities include creating games for field day, stuffing eggs for the Bunny Hop, decorating with different themes, networking with local business for vendor booths, organizing volunteers for event days, preparing graphics, shopping for party favors and groceries for the events and filling and delivering Welcome Bags for new residents. They usually only meet once before each event to discuss. Most of the correspondence is done via email.

Please contact [events.vows@gmail.com](mailto:events.vows@gmail.com) to join the committee. We thank you for helping out your community.

# VOWS Spring Clean-Up 2014

On Saturday, March 22 we had the 2014 VOWS Spring clean-up in conjunction with the City of Fort Worth's Cowtown Clean-up. All I can say is WOW!!! We had over 65 volunteers come out to help and we collected over 78 bags of trash, 5 tires and numerous pieces of metal and PVC pipes! We filled our on-site dumpster and had to take some of the trash to one of the City drop off sites. I am so thrilled with the turnout we had! Thank you to everyone who came out to help!! We could not have had the great success we did without each and everyone one of you!!

# VOWS SPRING GARAGE SALE

# Code Blue Connection

Are you a thrill seeker? Do you enjoy the thrill of living on the edge, getting that rush of adrenalin? Whether you enjoy it or not, most people experience life on the edge the moment they get behind the wheel of a motor vehicle. A person takes their own life and the lives of others in their hands every day. We take driving for granted; because

it's something we have to do, to get to our destination. Driving is a privilege, not a right. It's the single most dangerous thing we do on a daily basis.

Motor vehicle laws were created to save lives. Whether you like them or not, abide by them or ignore them, one day they could save your life or the life of a loved one.

All Class C violations can range from \$50.00 to \$500.00, depending on the severity of the violation, the judge's decision and if there is a previous history of the violator. Most of us know the laws but do we follow them? The Villages of Woodland Springs encompasses many square miles. We have thousands of families with small children who live and play in our "Villages." For everyone to remain safe, we must adhere to motorist laws every time we drive a motor vehicle. Please be mindful of these laws.

As a nonprofit hunger relief organization, we distribute donated, purchased and prepared foods through a network of more than 340 Food Assistance Partners in 13 counties. Every day, we support the nutritional needs of children, families and seniors through education, advocacy and strategic partnerships.

# How Many People Does it Take to Change a Light Bulb?

By Kelly Wills

Companies here and in other countries around the world are on task to change the light bulb! New lighting standards are in place to positively affect the environment. Incandescent light bulbs are being phased out. Light bulbs are being designed to be much more efficient, save energy and ultimately save you money. Three types of light bulbs available are the compact fluorescent lamp (CFL), Halogen lamps, and light emitting diode (LED).

Here is what I learned in types of light bulbs. CFL is said to use one-fifth to one-third the electric power, and may last eight to fifteen times longer than the incandescent lamps

but contains mercury. The Halogen lamps are a type of incandescent light bulb but are said to be 40% more efficient. LEDs contain no mercury, and it is being determined that LEDs have a much smaller environmental impact than incandescent bulbs. LEDs turn on instantly at any temperature, their extremely long lifetime is unaffected by cycling on and off, they have no glass to break, and they don't emit UV rays that fade artwork, upholstery, and clothing. Another positive is LED

lamps do not radiate heat onto the illuminated surface.

In an article from the Department of Energy, "In 2012, about 49 million LEDs were installed in the U.S. -- saving about \$675 million in annual energy costs. Switching entirely to LED lights over the next two decades could save the U.S. \$250 billion in energy costs, reduce electricity consumption for lighting by nearly 50 percent and avoid 1,800 million metric tons of carbon emissions."

WOW, right? Sounds impressive but where do you and I begin? And have you priced LEDs? While LEDs are more expensive now, they still will save money because they are said to last longer and have very low energy use. And similar to other electronics, the costs are expected to lower as more and more LED light bulbs become available. Perhaps the way to manage and save energy, carbon emissions as well as reduce electricity consumption is bit by bit. As one incandescent bulb goes out, replace it with a LED light bulb.

So how many people does it take to change a light bulb? Everyone!

## COVENANTS CORNER

### Poop Alert!!!

**We love your pet because you do,  
but we don't like the doo-doo!**

As a pet parent, it is your responsibility to follow the community and city policies set forth to ensure the enjoyment of the community for everyone. Our office has witnessed and received an increasing amount of complaints regarding pets not on leashes, roaming freely on the property, as well as pet waste being found in the common areas.

When your pet is on a leash it is important that you're holding the leash and that the pet is by your side at all times. Everyone will agree that the smell of pet poop is not a welcomed scent and/or sight nor is it enjoyable removing from your shoes when you step in it. Remember, your pet is part of YOUR family and therefore it is YOUR responsibility to pick up after them as well as make sure that they are restrained at all times so that they are not to jump on residents.

DO keep your pets on a leash at ALL times! NEVER leave your pet unattended on the property! ALWAYS pick up after your pet! Please always clean up after your pet by bagging and disposing of your pet's droppings properly in pet stations located throughout the community.

VOWS is your home but, also the home to non-pet owners and we must remember to be courteous to our neighbors and be responsible pet parents. We thank you and

appreciate all of your full cooperation and adherence to this important policy.

Taken from the City of Fort Worth's website ([www.fortworthtexas.gov](http://www.fortworthtexas.gov)):

**Restraint:**

"When a dog is being walked or with its owner off its property, the dog must be on a leash and accompanied by the owner at all times. If the dog is without a leash or not accompanied by the owner, it is considered unrestrained and is in violation of the restraint ordinance."

**Animal Waste:**

"No person shall discharge, deposit or allow to accumulate on private or public property in the City of Fort Worth, any animal waste. Violators can be charged with a Class C misdemeanor."

**Barking/Noise Ordinance:**

"It is a violation to keep any animal or bird that causes frequent or long-continued noise that disturbs the comfort and repose of any person of ordinary sensibilities in the immediate vicinity. Violators can be charged with a Class C misdemeanor."

Taken from the VOWS CC&R's:

**5.3.9 Animals.**

No animals or livestock shall be raised, bred or kept on the Property except that dogs, cats or other household pets may be kept for the purpose of providing companionship for the private family. Animals are not to be raised, bred or kept for commercial purposes or for food. It is the purpose

of these provisions to restrict the use of the Property so that no person shall quarter on the premises cows, horses, hogs, guinea fowls, ducks, chickens, turkeys, skunks or any other animals that may interfere with the quietude, health or safety of the Community. Pets must be restrained or confined by their Owner to the back yard of the applicable Lot, inside a fenced area or within the residence erected thereon, provided any such pets may be walked only if such pet is restrained by a leash. It is the Owner's responsibility to keep the front of their Lot clean and free of pet debris. All animals must be properly tagged for identification. Unless the Rules provide otherwise, the subsections of this Article shall govern animals at the Property.

**5.3.9.1 Disturbance.** Pets must be kept in a manner that does not disturb the peaceful enjoyment of residents of other Lots.

**5.3.9.2 Waste Removal.** Resident is responsible for the immediate removal of his pet's wastes from the common areas or the lot of another owner.

**5.3.9.3 Liability.** An owner is responsible for any property damage, injury, or disturbance caused or inflicted by an animal kept on the lot. The owner of a lot on which an animal is kept is deemed to indemnify and to hold harmless the Board, the Declarant, the Builder(s) and the Association, from any loss, claim, or liability resulting from any action of the animal or arising by reason of keeping the animal on the Property.

## Woodland Springs Homeowner's Association

The purpose of a homeowners association (HOA) is to maintain, enhance and protect the common areas and interests of the subdivision or neighborhood. Individual homeowners, as members of the association, pay periodic assessments support & utilize neighborhood amenities (pond, pools, parks, tennis courts, etc.). The assessments pay for community expenses such as entrance monuments, landscaping, amenities like clubhouses, tennis courts, or walking trails, insurance for commonly-owned structures and areas, an on-site management company, or any other item delineated in the governing documents or agreed to by the homeowners' association.

Currently, the Advisory Committee, which is comprised of elected residents, is the intermediate group between the residents and the Board of Directors and Centurion American (VOWS developer). This will continue until full development of VOWS is completed. The sub-committees report to the Advisory Committee. All residents are invited to attend Advisory Committee meetings which are normally held the 4th Tuesday of each month at 6:30 pm at the Amenity Center on Timberland.
